CHEF'S TIP

This recipe is a great starting point for adding your favorite veggies to the skillet. Cannellini beans and roasted squash are delicious additions to try.

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) *For CustomPlate nutritional information, please refer to EveryPlate.com.*

1.

Set **2 TBSP butter** (4 TBSP for 4 servings) aside in a small microwave-safe bowl to soften. **Wash and dry produce.** Halve, peel, and cut **onion** into ½-inch-thick wedges. Halve, core, and slice **bell pepper** into ½-inch strips. Reserve **¼ tsp Italian Seasoning** (½ tsp for 4) for Step 4. Halve **ciabatta**.

2.

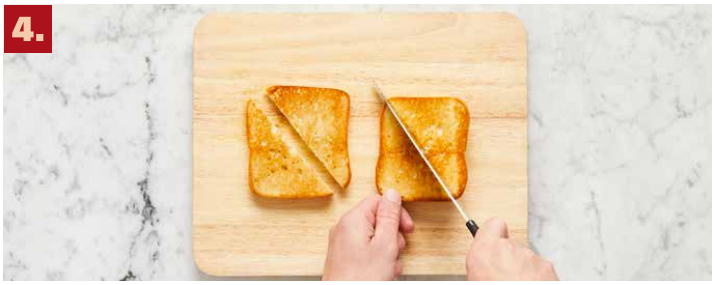

Heat a **drizzle of oil** in a large pan over medium-high heat. Add **onion**, **bell pepper**, and **sausage**; cook, breaking up meat into pieces, until beginning to brown, 4-5 minutes (the sausage will finish cooking in the next step).

3.

Add **couscous** and **remaining Italian Seasoning** to pan; stir to coat. Stir in **stock concentrates** and **1½ cups water** (3 cups for 4 servings). Bring to a simmer; cook, stirring occasionally, until veggies are tender and sausage is cooked through, 8-10 minutes (add another splash of water if pan becomes too dry). Taste and season with **salt**.

4.

Meanwhile, toast **ciabatta**, then halve diagonally to form triangles. Add **reserved Italian Seasoning** to bowl with **softened butter** (if butter is not yet softened, microwave in 10-second intervals until softened but not melted). Season with **salt** and **pepper**; stir to combine.

5.

Sprinkle **sausage and pepper skillet** with **cheese**; cover with a lid and cook until cheese melts, 1-2 minutes. Spread **toasts** with **Italian herb butter**. Serve straight from skillet.

**Ground Poultry is fully cooked when internal temperature reaches 165°.*
