CHEF'S TIP

Why do we ask you to cut your carrots on a diagonal in Step 1? These bias cuts (in chefspeak) not only make for a striking, restaurant-style presentation, but they also maximize the surface area on each slice—that means even more crispy roasted spots!

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) *For CustomPlate nutritional information, please refer to EveryPlate.com.*

1.

Adjust rack to top position (top and middle positions for 4 servings) and preheat oven to 425 degrees. **Wash and dry produce.** Cut **broccoli** into bite-size pieces if necessary. Trim, peel, and cut **carrots** on a diagonal into ½-inch-thick pieces. Halve, peel, and thinly slice **half the onion** (whole onion for 4). Peel and finely chop **garlic**.

2.

Toss **carrots** on one side of a baking sheet with a **drizzle of oil**, **salt,** and **pepper**. (For 4 servings, spread carrots out across entire sheet.) Roast on top rack for 10 minutes.

3.

While carrots cook, pat **pork** dry with paper towels; season all over with **garlic powder**, **salt**, and **pepper**. Place **¼ cup flour** (½ cup for 4 servings) in a shallow dish. Press pork into flour, turning to lightly coat all over. Once **carrots** have roasted for 10 minutes, carefully toss **broccoli** on empty side of sheet with a **drizzle of oil**, **salt**, and **pepper**. Roast on top rack until browned and tender, 10–12 minutes more. (For 4 servings, leave carrots roasting and toss broccoli on a second sheet; roast broccoli on middle rack.)

4.

Heat a **large drizzle of oil** in a large pan over medium-high heat. Add pork and cook until browned and cooked through, 4–6 minutes per side (reduce heat if pork begins to brown too quickly). Turn off heat; transfer to a plate. Wipe out pan.

5.

Melt **2 TBSP butter** (4 TBSP for 4 servings) in pan used for pork over medium heat. Add **onion** and **¼ tsp dried thyme** (½ tsp for 4); cook, stirring occasionally, until softened, 4–5 minutes. Add **chopped garlic** and **1 TBSP flour** (2 TBSP for 4); stir until onion is coated and flour starts to turn golden, 2–3 minutes. Gradually stir in **½ cup water** (1 cup for 4) until combined. Stir in **stock concentrates**. Return **pork** to pan; turn to coat.

6.

Divide **pork**, **carrots**, and **broccoli** between plates. Spoon any **remaining gravy** over pork.

**Pork is fully cooked when internal temperature reaches 145°.*
