CHEF'S TIP

Ramp up the heat factor! Add your favorite hot sauce or chili crisp to the table, then let everybody customize their own bowl.

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) *For CustomPlate nutritional information, please refer to EveryPlate.com.*

1.

Bring a medium pot of **salted water** to a boil. **Wash and dry produce.** Trim and thinly slice **scallions**, separating whites from greens. Dice **tomato** into ½-inch pieces. Zest and quarter **lime**.

2.

Once water is boiling, add **noodles** to pot. Cook, stirring occasionally, until tender, 2–3 minutes. Reserve **1 cup noodle cooking water** (2 cups for 4 servings), then drain and set aside.

3.

While noodles cook, heat a **drizzle of oil** in a large pan over medium-high heat. Add **scallion whites**; cook, stirring, until fragrant, 30–60 seconds. Open package of **chicken** and drain off any excess liquid. Add chicken, **curry powder**, **salt**, and **pepper** to pan. Cook, stirring occasionally, until browned and cooked through, 4–6 minutes.

4.

Reduce heat under pan with chicken to low. Add **⅓ cup reserved noodle cooking water** (⅔ cup for 4 servings), **coconut milk**, **stock concentrate**, **veggie bouillon**, chili sauce, and **tomato**. Cook, stirring, until sauce is smooth and slightly thickened, 2–3 minutes.

5.

Add **drained noodles** to pan with **sauce**; toss until fully coated. (If sauce seems too thick, add a splash of reserved noodle cooking water.) Turn off heat. Stir in **juice from half the lime** and a **pinch of lime zest**. Taste and season with **salt** and **pepper**.

6.

Divide **noodles** between bowls; top with **scallion greens** and **sesame seeds**. Serve with **remaining lime wedges** on the side.

**Poultry is fully cooked when internal temperature reaches 165°.*
