If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Wash and dry produce. Halve, core, and thinly slice **green pepper** into strips. Trim, halve, and thinly slice **onion**. Peel and thinly slice **garlic**.

2.

Heat a **drizzle of oil** in a large pan over medium-high heat. Add **green pepper** and **onion**; cook, stirring occasionally, until veggies begin to soften, 4-5 minutes.

3.

Add **beef** and **garlic** to pan with **veggies**. Season generously with **salt** and **pepper**. Cook, breaking up meat into pieces, until browned and cooked through, 4-6 minutes. Add **1 TBSP flour** (**2 TBSP for 4 servings**); stir to coat.

Open package of **chicken** and drain off any excess liquid. Swap in chicken for beef; cook, stirring occasionally, until browned and cooked through, 4-6 minutes.

4.

Stir **pasta**, **stock concentrates**, and **2½ cups water** (**4½ cups for 4 servings**) into pan with **beef** and **veggies**. Bring to a boil, then cover and reduce to a low simmer. Cook, stirring occasionally, until pasta is al dente and liquid is reduced and saucy, 9-11 minutes. (**Add a splash of water if mixture seems dry.**)

5.

Stir in **cream cheese**, **half the pepper jack**, and **1 TBSP butter** (**2 TBSP for 4 servings**) until smooth and creamy. Season with **salt** and **pepper** to taste. If you've got some on hand, add a **pinch of chili flakes** from your pantry if desired.

6.

Reduce heat to low. Sprinkle **skillet** with **remaining pepper jack** and cover until cheese melts, 1-2 minutes more. Serve straight from skillet.
