When you're assembling your crescent dough in Step 4, look toward the sun—a sun shape, that is! Make sure the short sides of the triangles are arranged on your baking sheet to form a circle in the center, with the pointy ends facing out. Don't worry if some of the dough overlaps (this will just make for a puffier ring!).

**MORE IS MORE**

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Adjust rack to middle position (top and bottom positions for 8 servings) and preheat oven to 375 degrees. Wash and dry produce. Trim, peel, and cut carrots into sticks (like fries; ours were 3 inches long and ½ inch thick). Trim and halve celery lengthwise into sticks.

2.

Pat chicken dry with paper towels. Heat a drizzle of oil in a large pan over medium-high heat. Add chicken and cook until browned and cooked through, 5–6 minutes per side. Turn off heat; transfer to a cutting board.

3.

Once chicken is cool enough to handle, cut into bite-size pieces. In a large bowl, combine cream cheese, Frank's Seasoning Blend, and hot sauce until smooth (use less hot sauce if you don't like things spicy). Stir in chicken and cheddar until combined.

4.

Unroll crescent rolls and separate into 8 triangles (16 triangles for 8 servings). On a baking sheet, arrange dough triangles in a ring with short sides of triangles forming a 3-inch-wide circle in the center (dough may overlap—it should look like a sun). (Use two baking sheets and make two rings for 8.)

5.

Spoon chicken mixture onto base of each triangle near center of ring. Bring tip of each dough triangle up over filling, tucking tip under bottom layer of dough. Repeat with each dough triangle until filling is enclosed (some filling may peek out). (Snip off the ends of the triangles if they're too long—they should be tucked just under the inside edge of the ring.)

6.

Bake crescent ring on middle rack until golden brown, 20–25 minutes (for 8 servings, bake on top and bottom racks, swapping positions halfway through). Let cool 5–10 minutes before serving (when you're ready to serve, carefully transfer to a platter and cut it into slices like a cake!). Place dressing in a small bowl (two small bowls for 8) and place in center of ring. Serve with carrot sticks and celery sticks.

\*Poultry is fully cooked when internal temperature reaches 165°.
