MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Wash and dry produce. Halve, peel, and finely chop **onion**. Core, deseed, and dice **bell pepper** into ½-inch pieces. Peel and finely chop **garlic**.

2.

Heat a **drizzle of oil** in a medium pot over medium-high heat. Add **onion** and **bell pepper**; cook, stirring occasionally, until veggies begin to soften, 2–3 minutes. Season generously with **salt** and **pepper**. Add **beef** and **chopped garlic**; cook, breaking up meat into pieces, until browned and cooked through, 4–6 minutes. (If there's excess grease in your pan, carefully pour it out.)

Open package of **chicken** and drain off any excess liquid. Swap in chicken for beef (no need to break up chicken into pieces!).

3.

Add **tomato paste**, **garlic powder**, and ½ tsp **Italian Seasoning** (1 tsp for 4 servings; reserve the rest for another use) to pot with **veggies and beef**. Cook, stirring, until beef mixture is coated, 30–60 seconds. (If you've got some on hand, stir in a pinch of **chili flakes** if you like.)

4.

Stir **mushroom stock concentrate**, **chicken stock concentrate**, **couscous**, **2 cups water**, and **1 tsp salt** (4 cups water and 2 tsp salt for 4 servings) into same pot. Bring to a simmer, then reduce heat to medium low. Cook, stirring occasionally, until veggies have softened and couscous is tender, 6–8 minutes (the soup should be gently bubbling).

5.

Remove **soup** from heat, then stir in **sour cream** until smooth. Taste and season with **salt** and **pepper** if desired. Divide between bowls and serve.

*Ground Meat is fully cooked when internal temperature reaches 160°.

*Poultry is fully cooked when internal temperature reaches 165°.
