MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Adjust rack to middle position and preheat oven to 450 degrees. **Wash and dry produce.** Trim **green beans** if necessary. Peel and finely chop **garlic**. Zest and quarter **lime**. Toss green beans on a baking sheet with **sesame seeds**, a **drizzle of oil**, **salt**, and **pepper**. Roast on middle rack until browned and tender, 10–12 minutes.

2.

In a small pot, combine **rice**, **1¼ cups water** (**2¼ cups for 4 servings**), and a **pinch of salt**. Bring to a boil, then cover and reduce to a low simmer. Cook until rice is tender, 15–20 minutes. Keep covered off heat until ready to serve.

3.

Meanwhile, pat **chicken** dry with paper towels; season all over with **salt** and **pepper**. Heat a **drizzle of oil** in a large pan over medium-high heat. Add chicken and cook until browned and cooked through, 5–7 minutes per side. Turn off heat; transfer to a cutting board. Wipe out pan.

↔ Swap in **steak** for chicken; cook to desired doneness, 3–5 minutes per side.

4.

Heat a **drizzle of oil** in pan used for chicken over low heat. Add **garlic** and cook, stirring, until fragrant, 30 seconds. Stir in **sweet soy glaze** and **¼ cup water** (**½ cup for 4 servings**); cook, stirring occasionally, until slightly reduced, 1–2 minutes. Add a **big squeeze of lime juice**; stir to combine.

5.

Slice **chicken** crosswise. Fluff **rice** with a fork and stir in a **pinch of lime zest**. Divide rice between bowls and top with **green beans**. Place chicken atop green beans and drizzle with **soy lime glaze**. Garnish with **wonton strips** and remaining lime zest to taste. Serve with **remaining lime wedges** on the side.

↔ Thinly slice **steak** against the grain.

*Poultry is fully cooked when internal temperature reaches 165°.
*Beef is fully cooked when internal temperature reaches 145°.
