CHEF'S
TIP

Be sure to give your coconut milk a good shake before opening the container and adding it to the pot in Step 4. The cream may have risen to the top and solidified a bit, but not to worry—the liquids and solids will quickly come together and turn silky-smooth during cooking!

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Fill a large pot halfway with **salted water** and bring to a boil. (Be careful not to overfill the pot! The water will bubble up once noodles are added.) Wash and dry produce. Trim **green beans** if necessary; slice crosswise into 1-inch pieces. Trim and thinly slice **scallions**, separating whites from greens. Peel and finely chop **garlic**. Zest and quarter **lime**.

2.

Once water is boiling, add **noodles** to pot. Cook, stirring occasionally, until al dente, 5–7 minutes. Reserve **½ cup noodle cooking water** (1 cup for 4 servings), then drain and set aside. (You'll finish the noodles in Step 5.)

3.

While noodles cook, pat **chicken** dry with paper towels. Season with **1 tsp curry powder** (2 tsp for 4 servings), **salt**, and **pepper**. (You'll use the rest of the curry powder in the next step.) Heat a **drizzle of oil** in a large pan over medium-high heat. Add chicken; cook until browned and cooked through, 5–6 minutes per side. Turn off heat; transfer to a cutting board. Wipe out pan.

Swap in **steak** for chicken; cook to desired doneness, 3–5 minutes per side.

4.

Melt **1 TBSP butter** (2 TBSP for 4 servings) in pan used for chicken over medium-low heat. Add **green beans** and **scallion whites**; cook, stirring occasionally, until beginning to soften, 3–4 minutes. Add **garlic** and **remaining curry powder**; cook, stirring, until fragrant, 30 seconds. Add **coconut milk**, **stock concentrates**, and **⅓ cup reserved noodle cooking water** (⅔ cup for 4). Season with **salt** and **pepper**. Cook, stirring, until sauce is smooth and slightly thickened, 2–3 minutes.

5.

Add **drained noodles** to pan with **sauce**; toss until fully coated. (If sauce seems too thick, add **more reserved noodle cooking water** a splash at a time.) Turn off heat. Add a **squeeze of lime juice** (big squeeze for 4 servings); stir to combine.

6.

Thinly slice **chicken** crosswise. Divide **coconut curry noodles** between bowls. Top with chicken; sprinkle with **lime zest** and **scallion greens**. Serve with **remaining lime wedges** on the side.

Thinly slice **steak** against the grain.
