MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Bring a large pot of **salted water** to a boil. **Wash and dry produce.** Grate **Parmesan** over a small bowl (**skip this step if pre-shredded**). Roughly chop **parsley**.

2.

Once water is boiling, add **pasta** to pot. Cook, stirring occasionally, until al dente, 9–11 minutes. Reserve **1 cup pasta cooking water**, then drain and set aside.

3.

Pat **steak** dry with paper towels and season all over with **half the Italian Seasoning** (**you'll use the rest in the next step**), **salt**, and **pepper**. Heat a **drizzle of oil** in a large pan over medium-high heat. Add steak and cook to desired doneness, 3–5 minutes per side. Turn off heat; transfer to a cutting board to rest. Wipe out pan.

4.

Return pan used for steak to low heat. Add **¼ cup pasta cooking water** (**½ cup for 4 servings**), **cream sauce base**, **mozzarella**, **garlic powder**, **half the grated Parmesan**, and **remaining Italian Seasoning**; stir to combine. Add **drained pasta** and toss, adding **splashes of reserved pasta cooking water** as needed, until a creamy sauce forms. Taste and season with **salt** and **pepper**.

5.

Thinly slice **steak** against the grain. Divide **pasta** between bowls; top with steak, **parsley**, and **remaining grated Parmesan**.

**Beef is fully cooked when internal temperature reaches 145°.*
