MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Preheat oven to 400 degrees. Bring a large pot of **salted water** to a boil. Place **1 TBSP butter** (**2 TBSP for 4 servings**) in a small bowl; set aside to soften. **Wash and dry produce.** Halve, core, and thinly slice **bell pepper** into strips. Peel **garlic**; place cloves in the center of a small piece of foil and cinch into a packet. Halve, peel, and thinly slice **half the onion** (**whole onion for 4**). Grate **Parmesan** over a separate small bowl (**skip this step if pre-shredded**).

3.

Once water is boiling, add **pasta** to pot. Cook, stirring occasionally, until al dente, 9–11 minutes. Reserve **½ cup pasta cooking water**, then drain and set aside.

5.

Stir **tomato paste** into pan with **onion and sausage** until combined, 1 minute. Slowly stir in **marinara** and **¾ cup plain water** (**1¼ cups for 4 servings**). Bring to a simmer, then stir in **cream cheese** and **half the Parmesan** (**save the rest for serving**) until melted and combined. Season generously with **salt and pepper**. Reduce heat to low.

*Ground Meat is fully cooked when internal temperature reaches 160°.

2.

Toss **bell pepper** on a baking sheet with a **drizzle of oil, salt, and pepper**. Place **garlic foil packet** on same sheet. Roast until bell pepper is tender and garlic is softened, 18–20 minutes. Carefully transfer garlic to a cutting board.

4.

Remove **sausage** from casing if necessary; discard casing. While pasta cooks, heat a **drizzle of oil** in a large pan over medium heat. Add **sliced onion** and cook, stirring occasionally, until tender and lightly browned, 2–3 minutes. Add sausage; cook, breaking up meat into pieces, until browned and cooked through, 4–6 minutes more. Season with **salt and pepper**.

↔ Swap sausage to **tofu**; open and drain tofu; press out excess water with paper towels. Halve crosswise, then stand tofu upright and halve vertically. Lay flat and cut into ¾-inch cubes. Swap in tofu (no need to break up into pieces!) for sausage. Heat a large drizzle of oil in a large, preferably nonstick, pan over medium heat. Add tofu; season with salt and pepper. Using a spatula, arrange into an even layer. Cook, undisturbed, until browned on bottom, 3–4 minutes. Continue to cook, stirring occasionally, until tofu is browned, 3–4 minutes more.

6.

Once **garlic** is roasted, mash cloves with a fork; stir into bowl with **softened butter**. Stir **garlic butter, drained pasta, and bell pepper** into **sauce**. If needed, stir in **reserved pasta cooking water** a splash at a time until pasta is coated in a creamy sauce. Season with **salt and pepper**. Divide between bowls and sprinkle with **remaining Parmesan**.
