get a \$20 credit when they cook with us.

EveryPlate.com/referral

You may notice that we almost always ask you to reserve a bit of pasta cooking water. Wondering what makes this cloudy water so darn special? It's salty and starchy, and those magical starches help make your sauce silky smooth. Basically, it makes good pasta great, and we'll never leave you with a bowlful of just *good*.

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Bring a large pot of **salted water** to a boil. **Wash and dry produce.** Dice **tomatoes** into ½-inch pieces. Grate **Parmesan** over a small bowl (skip this step if pre-shredded).

2.

Once water is boiling, add **pasta** to pot. (If pasta is stuck together, gently separate with your hands before adding to pot.) Cook, stirring occasionally, until al dente, 3–5 minutes. Reserve **1 cup pasta cooking water** (2 cups for 4 servings), then drain.

3.

Heat a **drizzle of oil** in a large pan over medium–high heat. Add **beef**, ½ **tsp salt** (1 **tsp** for 4 servings), and **pepper**; cook, breaking up meat into pieces, until browned and cooked through, 4–6 minutes. (If there's excess grease in your pan, carefully pour it out.)

4.

Add **tomato paste**, **garlic powder**, and **Italian Seasoning** to pan with **beef**; stir to combine. Stir in **diced tomatoes**, **stock concentrates**, ½ **cup milk**, ¼ **cup reserved pasta cooking water**, and ½ **tsp sugar** (1 **cup milk**, ½ **cup reserved pasta cooking water**, and 1 **tsp sugar** for 4 servings). Reduce heat to low; cook, stirring occasionally, until sauce has thickened and tomatoes have softened, 3–4 minutes. Taste and season with **salt** and **pepper**.

5.

Add **drained pasta**, **half the grated Parmesan**, and 1 **TBSP butter** (2 **TBSP** for 4 servings) to pan with **sauce**. Toss, adding **splashes of reserved pasta cooking water** as needed, until pasta is thoroughly coated in sauce.

6.

Divide **pasta** between bowls. Sprinkle with **remaining grated Parmesan** and serve.

*Ground Meat is fully cooked when internal temperature reaches 160°.
