You may notice that we pretty much always ask you to reserve a bit of pasta cooking water before draining your pasta. Wondering what makes this cloudy water so darn special? It's salty and starchy, and those magical starches help emulsify your sauce (aka turn it silky smooth). Basically, it makes good pasta great, and we'd never leave you with a bowlful of just good.

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Bring a large pot of **salted water** to a boil. **Wash and dry produce.** Trim and quarter **zucchini** lengthwise; slice into ½-inch-thick quarter-moons. Peel and finely chop **garlic**. Dice **tomato** into ½-inch pieces.

2.

Once water is boiling, add **pasta** to pot. Cook, stirring occasionally, until al dente, 9–11 minutes. Reserve **½ cup pasta cooking water**, then drain.

3.

Heat a **drizzle of oil** in a large pan over medium-high heat. Add **beef, zucchini, and garlic**; season lightly with **salt and pepper**. Cook, breaking up meat into pieces, until beef is browned and cooked through and zucchini is tender, 4–6 minutes. Carefully drain any excess grease from pan. Reduce heat under pan to medium low.

Open package of **chicken** and drain off any excess liquid. Swap in chicken (no need to break up into pieces!) or **pork** for beef.

4.

Add **diced tomato, tomato paste, and Italian Seasoning** to pan with **beef and zucchini**. Cook, stirring constantly, until tomato is tender and tomato paste is brick red in color, 1–2 minutes. Add **stock concentrates** and **½ cup plain water** (**1 cup for 4 servings**); stir to combine.

5.

Add **drained pasta** and **1 TBSP butter** (**2 TBSP for 4 servings**) to pan with **sauce**; toss to combine. If needed, add **reserved pasta cooking water** a splash at a time until pasta is coated in sauce. Taste and season with **salt and pepper** if desired.

6.

Divide **pasta** between bowls.

*Ground Meat is fully cooked when internal temperature reaches 160°.
*Poultry is fully cooked when internal temperature reaches 165°.
