WHAT YOU'LL NEED

**Kosher Salt
Black Pepper**

Milk
Contains: Milk

Cooking Oil

Butter
Contains: Milk

How do you know if your pasta water is salty enough? Taste it! (We're serious.) Because your cooking water is the only chance you have to season the pasta itself, it's super important to treat it like you would any other ingredient. The water should taste about as salty as the sea!

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Bring a large pot of **salted water** to a boil. **Wash and dry produce.** Trim and thinly slice **mushrooms** (skip if your mushrooms are pre-sliced!). Peel and finely chop **garlic**. Finely dice **tomatoes**.

2.

Once water is boiling, add **pasta** to pot. Cook, stirring occasionally, until al dente, 9–11 minutes. Reserve **1 cup pasta cooking water** (2 cups for 4 servings), then drain.

3.

While pasta cooks, heat a **drizzle of oil** in a large pan over medium-high heat. Add **mushrooms**; season with **salt** and **pepper**. Cook, stirring frequently, until browned and tender, 4–6 minutes. Add another **drizzle of oil**, then stir in **garlic** and **Italian Seasoning**. Cook, stirring, until fragrant, 30 seconds.

Open package of **chicken** and drain off any excess liquid. Add **chicken** or **beef** to pan along with **mushrooms**. Cook through the rest of this step as instructed

4.

Reduce heat under pan to medium low. Add **tomato paste**; cook, stirring constantly, until **mushrooms** are evenly coated, 1–2 minutes. Stir in **diced tomatoes**; cook, stirring occasionally, until tomatoes soften, 2–3 minutes. Add **stock concentrates**, **¼ cup milk**, and **¼ cup reserved pasta cooking water** (½ cup milk and ½ cup reserved pasta cooking water for 4 servings). Bring to a gentle simmer. Cook, stirring occasionally, until thickened, 3–5 minutes.

5.

Add **drained pasta** and **1 TBSP butter** (2 TBSP for 4 servings) to pan with **mushroom sauce**; toss until pasta is thoroughly coated. (If sauce seems too thick, add additional splashes of reserved pasta cooking water as needed.) Taste and season with **salt** and **pepper** if desired.

6.

Divide **pasta** between bowls and top with **cheese**.

*Poultry is fully cooked when internal temperature reaches 165°.
*Ground Meat is fully cooked when internal temperature reaches 160°.
