Wondering how to *safely* handle the bacon fat? Once you've transferred the bacon to a plate, remove the pan from the heat and let the fat cool slightly. Then, carefully pour it into a heat-safe container. Store this in the fridge for cooking, or seal the container and toss it. Just don't pour it down the drain—it'll clog your pipes!

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Adjust rack to top position ([top and middle positions for 4 servings](#)); preheat oven to 450 degrees. **Wash and dry produce.** Slice **bacon** crosswise into ½-inch pieces. Add bacon to a large dry, preferably nonstick, pan in a single layer; heat over medium-high heat. Cook, turning occasionally, until crispy, 6–10 minutes. Turn off heat. Using a slotted spoon, transfer bacon to a paper-towel-lined plate. Wash out pan. (*Psst—let the fat cool first, then carefully discard before washing pan.*)

2.

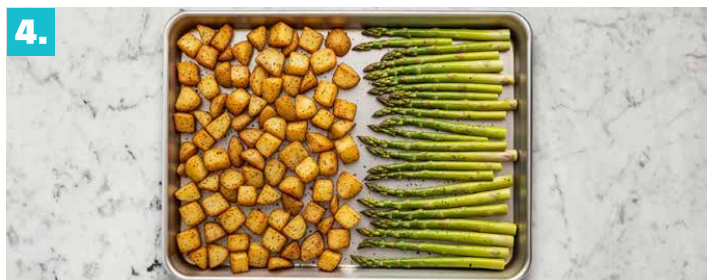

While bacon cooks, dice **potatoes** into ½-inch pieces. Trim and discard woody bottom ends from **asparagus**.

3.

Toss **potatoes** on one side of a baking sheet with a **drizzle of oil**, **salt**, and **pepper**. ([For 4 servings, spread potatoes out across entire sheet.](#)) Roast on top rack until lightly browned, 15 minutes (*you'll add the asparagus then*).

4.

Once **potatoes** have roasted 15 minutes, remove sheet from oven. Carefully toss **asparagus** on empty side with a **drizzle of oil**, **salt**, and **pepper**. ([For 4 servings, leave potatoes roasting; toss asparagus on a second sheet and roast on middle rack.](#)) Return to oven and roast until veggies are browned and tender, 10–12 minutes more.

5.

Meanwhile, pat **chicken** dry with paper towels; season all over with **half the paprika** ([all for 4 servings](#)), **salt**, and **pepper**. Heat a **drizzle of oil** in pan used for bacon over medium-high heat. Add chicken and cook until browned and cooked through, 5–6 minutes per side. In the last 1–2 minutes of cooking, evenly top chicken with **bacon** and **cheese**; cover pan to melt cheese. (*If your pan doesn't have a lid, cover with a baking sheet!*)

6.

Divide **chicken**, **asparagus**, and **potatoes** between plates.

*Poultry is fully cooked when internal temperature reaches 165°.
*Pork is fully cooked when internal temperature reaches 145°.
