(2 TBSP | 4 TBSP)
Contains: Milk

Lemon *
(1 | 2)

Garlic *
(3 Clove(s) | 6 Clove(s))

If you added or swapped to an ingredient listed here, scan the QR code for **CustomPlate** instructions to get all the info you'll need.

**Chicken
Cutlets ***
(10 oz | 20 oz)
Calories: 760

Salmon *
(10 oz | 20 oz)
Contains: Fish
Calories: 910

WHAT YOU'LL NEED

**Kosher Salt
Black Pepper**

Butter
Contains: Milk

Cooking Oil

Give friends \$20 off their first box and you'll get a \$20 credit when they cook with us. [EveryPlate.com/referral](https://www.everyplate.com/referral)

\$20

You may notice that we almost always ask you to reserve a bit of pasta cooking water. Wondering what makes this cloudy water so darn special? It's salty and starchy, and those magical starches help make your sauce silky smooth. Basically, it makes good pasta great, and we'll never leave you with a bowlful of just *good*.

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Bring a large pot of **salted water** to a boil. **Wash and dry produce.** Trim and discard bottom 1 inch from **asparagus**; cut crosswise into 1-inch pieces. Peel and thinly slice **garlic**. Finely chop **tomatoes**. Zest and quarter **lemon**.

2.

Once water is boiling, add **pasta** to pot. Cook, stirring occasionally, until al dente, 9–11 minutes. Reserve **1 cup pasta cooking water**, then drain.

Pat **chicken** or **salmon** dry with paper towels; season with **salt** and **pepper**. Heat a **drizzle of oil** in a large, preferably nonstick, pan over medium–high heat. Add chicken or salmon; cook until chicken is browned and cooked through, 5–6 minutes per side, or cook salmon until skin is crisp and fish is almost cooked through, 5–7 minutes. Flip and cook until fish is opaque and cooked through, 1–2 minutes more. Turn off heat; transfer to a plate. Wipe out pan.

3.

Meanwhile, heat a **drizzle of oil** in a large pan over medium–high heat. Add **asparagus** and season with **salt** and **pepper**. Cook, stirring, until browned and tender, 4–6 minutes. Transfer to a plate. Remove pan from heat and let cool slightly.

Use pan used for chicken or salmon here.

4.

Once pan has cooled slightly, add **2 TBSP butter** (**4 TBSP for 4 servings**) and **garlic**; return to medium–high heat. Cook, stirring, until butter has melted and garlic is fragrant, 30 seconds. Add **tomatoes**, half the **Italian Seasoning** (**all for 4 servings**), **salt**, and **pepper**. Cook, stirring, until slightly softened, 2–3 minutes.

5.

Whisk **cream cheese**, **stock concentrate**, half the **Parmesan** (**save the rest for serving**), and **¼ cup reserved pasta cooking water** (**½ cup for 4 servings**) into pan with **tomato mixture** until cheese melts. Bring to a simmer, then stir in **drained pasta**, **asparagus**, **lemon zest**, and a **squeeze of lemon juice**. (**If necessary, add more pasta cooking water a splash at a time until everything is coated in a creamy sauce.**) Season with **salt** and **pepper**.

6.

Divide **pasta** between bowls and top with **remaining Parmesan**. Serve with **remaining lemon wedges** on the side.

Slice **chicken** crosswise (skip slicing salmon!). Serve chicken or salmon atop **pasta**.

*Poultry is fully cooked when internal temperature reaches 165°.
*Fish is fully cooked when internal temperature reaches 145°.
