## CHEF'S TIP

You may notice that we pretty much always ask you to reserve a bit of pasta cooking water before draining. It's a good habit to get into! Wondering what makes this cloudy water so darn special? It's salty and starchy, and those magical starches help emulsify your sauce (aka turn it silky smooth). Basically, it makes good pasta *great*.

## MORE is MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Bring a large pot of **salted water** to a boil. **Wash and dry produce.** Peel and thinly slice **garlic**.

2.

Add **bacon** in a single layer to a large dry pan over medium-high heat. Cook, turning occasionally, until crispy, 6–10 minutes. Turn off heat; transfer bacon to a paper-towel-lined plate. Wipe out pan. Once bacon is cool enough to handle, roughly chop.

3.

Once water is boiling, add **tortelloni** to pot. Cook, stirring occasionally, until al dente, 3–4 minutes. Reserve **½ cup pasta cooking water** (**1 cup for 4 servings**), then drain.

4.

Melt **2 TBSP butter** (**4 TBSP for 4 servings**) in pan used for bacon over medium heat. Add **garlic** and cook until fragrant, 30 seconds. Stir in **peas** until coated and warmed through; season with **salt** and **pepper**. Stir in **½ cup milk** (**¾ cup for 4**), **cream sauce base**, and **cream cheese** until combined, 1–2 minutes. Remove from heat. Taste and season with **salt** and **pepper**.

5.

Stir **drained tortelloni**, **bacon**, and **1 TBSP butter** (**2 TBSP for 4 servings**) into pan with **sauce**. Toss, adding **splashes of reserved pasta cooking water** as needed, until tortelloni is coated in a creamy sauce. Season with **salt** and **pepper**. Divide tortelloni between bowls.

\*Pork is fully cooked when internal temperature reaches 145°.
