MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) *For CustomPlate nutritional information, please refer to EveryPlate.com.*

1.

Bring a large pot of **salted water** to a boil. **Wash and dry produce.** Trim and thinly slice **scallions**, separating whites from greens. Dice **tomato** into ½-inch pieces. Once water is boiling, add **pasta** to pot. Cook, stirring occasionally, until al dente, 9–11 minutes. Reserve **1 cup pasta cooking water**, then drain and set aside. Reserve pot.

2.

While pasta cooks, heat a **drizzle of oil** in a medium pot over medium–high heat. Add **beef** and season with **salt** and **pepper**. Cook, breaking up meat into pieces, until browned and cooked through, 4–6 minutes. **(If there’s any excess grease in pot, use a slotted spoon to transfer beef to a bowl; carefully discard excess grease, then return beef to pot.)** Add **scallion whites** and cook, stirring, until softened, 1–2 minutes. Add **garlic powder**, **paprika**, and **cumin**; stir to combine.

3.

Add **tomato paste** to pot with **beef mixture**. Cook, stirring, until beef is evenly coated and tomato paste is brick red in color, about 1 minute. Add **diced tomato**, **stock concentrate**, and **1 cup water** (**1¾ cups for 4 servings**); stir to combine. Bring to a simmer and cook, stirring occasionally, until tomato has softened and mixture has thickened, 8–10 minutes.

4.

Meanwhile, in a medium bowl, whisk together **¾ cup milk** and **1 tsp cornstarch** (**1½ cups milk and 2 tsp cornstarch for 4 servings**). Heat pot used for pasta over medium heat; add **cream sauce base** and whisk in **cornstarch mixture**. Bring to a simmer and cook, whisking frequently, until slightly thickened, 1–2 minutes. Remove from heat; whisk in **cheese** until melted, 30–60 seconds.

5.

Stir **drained pasta** and **1 TBSP butter** (**2 TBSP for 4 servings**) into pot with **cheese sauce** (if needed, stir in reserved pasta cooking water a splash at a time until pasta is coated in a **creamy sauce**). Taste and season generously with **salt** and **pepper**. Stir **half the chili** into **mac and cheese**. Divide **chili mac** between bowls. Top with remaining chili and sprinkle with **scallion greens**.

**Ground Meat is fully cooked when internal temperature reaches 160°.*
