How do you know if your pasta water is salty enough? Taste it! (We're serious.) Because your cooking water is the only chance you have to season the pasta itself, it's super important to treat it like you would any other ingredient. The water should taste about as salty as the sea!

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Adjust rack to middle position and preheat oven to 400 degrees. Bring a large pot of **salted water** to a boil. **Wash and dry produce.** Halve, core, and thinly slice **bell pepper** into strips. Cut **tomatoes** into ½-inch wedges. Peel **garlic** and place in the center of a small piece of foil; drizzle with **oil** and season with **salt** and **pepper**. Cinch foil into a packet.

2.

Toss **bell pepper** and **tomato wedges** on a baking sheet with a **drizzle of oil**, **salt**, and **pepper**. Place **garlic foil packet** on the same sheet. Roast on middle rack until veggies are browned and tender, 18–20 minutes.

Open package of **chicken** and drain off any excess liquid. Heat a **drizzle of oil** in a large pan over medium-high heat. Add chicken and season with **salt** and **pepper**. Cook, stirring occasionally, until browned and cooked through, 4–6 minutes. Turn off heat; transfer to a plate.

3.

Once water is boiling, add **pasta** to pot. Cook, stirring occasionally, until al dente, 9–11 minutes. Reserve **1 cup pasta cooking water** (2 cups for 4 servings), then drain. Reserve pot.

4.

Remove **garlic** from foil packet; mash with a fork until smooth. Heat a **drizzle of oil** in pot used for pasta over medium heat. Add garlic, **Italian Seasoning**, **garlic powder**, and **tomato paste**. Cook, stirring constantly, until tomato paste is brick red in color, 30–60 seconds. Add ½ cup reserved **pasta cooking water** (1 cup for 4 servings), **stock concentrates**, **cream cheese**, and a **pinch of salt**; whisk until smooth. Add **drained pasta**, **veggies**, and **1 TBSP butter** (2 TBSP for 4); toss to coat. If needed, add splashes of reserved pasta cooking water until everything is coated in a creamy sauce. Taste and season with **salt** if desired.

Add **half the chicken** to pan along with **drained pasta**.

5.

Divide **pasta** between bowls and top with **Parmesan**.

Top **pasta** with **remaining chicken** along with **Parmesan**.

*Poultry is fully cooked when internal temperature reaches 165°.
