**CHEF'S
TIP**

Have you ever noticed that homemade soup tends to taste better the day after it's made? That's because the longer everything melds together, the more flavorful the soup becomes! If you have a few extra minutes, let the soup simmer a bit longer to really bring out all the flavors.

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Wash and dry produce. Halve, peel, and finely chop **onion**.

2.

Heat a **drizzle of oil** in a medium pot over medium-high heat. Add **onion**; cook, stirring occasionally, until beginning to soften, 2-3 minutes. Add **beef**; season with **salt** and **pepper**. Cook, breaking up meat into pieces, until browned and cooked through, 4-6 minutes. (If there's excess grease in your pan, carefully pour it out.)

Rinse **shrimp** under cold water and pat dry with paper towels. Swap in shrimp for beef (no need to break up into pieces!) and cook, turning occasionally, until opaque and cooked through, 3-4 minutes.

3.

Add **couscous**, **tomato paste**, **Italian Seasoning**, and **garlic powder** to pot with **beef**. Cook, stirring, until tomato paste is brick red in color, 2-3 minutes.

4.

Stir in **stock concentrates**, **1½ cups water**, and **1½ cups milk** (**3 cups water and 3 cups milk for 4 servings**). Bring to a boil, then reduce heat to medium low. Cook, stirring occasionally, until couscous is tender, 6-8 minutes. Taste and season with **salt** and **pepper**.

5.

Divide **soup** between bowls and grate as much **Parmesan** on top as you like (**sprinkle if pre-shredded**).

*Ground Meat is fully cooked when internal temperature reaches 160°.
*Shellfish is fully cooked when internal temperature reaches 145°.
