WHAT YOU'LL NEED

**Kosher Salt
Black Pepper**

Cooking Oil

Milk
Contains: Milk

Butter
Contains: Milk

You may notice that we pretty much always ask you to reserve a bit of pasta cooking water before draining your pasta. Wondering what makes this cloudy water so darn special? It's salty and starchy, and those magical starches help emulsify your sauce (aka turn it silky smooth). Basically, it makes good pasta great, and we'd never leave you with a bowlful of just *good*.

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Bring a large pot of **salted water** to a boil. **Wash and dry produce.** Dice **tomatoes** into ½-inch pieces. Grate **Parmesan** (skip this step if pre-shredded).

2.

Once water is boiling, add **pasta** to pot. Cook, stirring occasionally, until al dente, 9–11 minutes. Reserve **1 cup pasta cooking water** (2 cups for 4 servings), then drain.

3.

Heat a **drizzle of oil** in a large pan over medium–high heat. Add **beef** and season with **salt** and **pepper**. Cook, breaking up meat into pieces, until browned and cooked through, 4–6 minutes. (If there's excess grease in your pan, carefully pour it out.)

Rinse **shrimp** under cold water and pat dry with paper towels. Swap in shrimp or **chicken** for beef; cook, stirring frequently, until shrimp are opaque and cooked through, 3–4 minutes, or until chicken is browned and cooked through, 4–6 minutes.

4.

Add **gochujang** and **garlic powder** to pan with **beef**; stir to combine. Stir in **diced tomatoes**, **stock concentrates**, ½ cup **milk**, and ½ cup **reserved pasta cooking water** (1 cup milk and 1 cup reserved pasta cooking water for 4 servings). Reduce heat to low and cook, stirring occasionally, until sauce has thickened and tomato has softened, 8–10 minutes. Stir in **half the Parmesan**. Taste and season with **salt** and **pepper**.

5.

Add **drained pasta** and **1 TBSP butter** (2 TBSP for 4 servings) to pan with **sauce**; toss, adding **splashes of reserved pasta cooking water** as needed until pasta is thoroughly coated in sauce.

6.

Divide **pasta** between bowls and top with **remaining Parmesan**.

*Ground Meat is fully cooked when internal temperature reaches 160°.
*Shellfish is fully cooked when internal temperature reaches 145°.
*Ground Poultry is fully cooked when internal temperature reaches 165°.
