MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Wash and dry produce. Halve, peel, and thinly slice **onion**. In a small bowl, combine **BBQ sauce**, **mustard**, **2 TBSP ketchup**, and **2 TBSP mayonnaise** (4 TBSP ketchup and 4 TBSP mayonnaise for 4 servings).

2.

Heat a **drizzle of oil** in a large pan over medium-high heat. Add **onion** and **BBQ Seasoning**; season with **salt** and **pepper**. Cook, stirring occasionally, until beginning to soften, 2–3 minutes.

3.

Add **beef** to pan with **onion**; season with **salt** and **pepper**. Cook, breaking up meat into pieces, until browned and cooked through, 4–5 minutes. Turn off heat; carefully drain any excess grease from pan. Transfer beef mixture to a plate; wipe out pan.

↔ Open package of **chicken** and drain off any excess liquid. Swap in chicken for beef. Cook, stirring occasionally, until browned and cooked through, 4–6 minutes.

4.

Place **tortillas** on a clean work surface. Spread **1 TBSP BBQ special sauce** on one half of each tortilla (reserve remaining sauce for serving). Top with **beef mixture**; sprinkle with **cheese**. Fold tortillas in half to create **quesadillas**.

5.

Heat a **large drizzle of oil** in pan used for beef mixture over medium heat. Add **quesadillas** and cook until tortillas are browned and cheese melts, 3–5 minutes per side (depending on the size of your pan, you may need to work in batches). Transfer quesadillas to a paper-towel-lined plate to absorb any excess oil, then place on a cutting board.

6.

Cut **quesadillas** into wedges and divide between plates. Serve with remaining **BBQ special sauce** for dipping.

*Ground Meat is fully cooked when internal temperature reaches 160°.
