CHEF'S TIP

You may notice that we pretty much always ask you to reserve a bit of pasta cooking water before draining your pasta. Wondering what makes this cloudy water so darn special? It's salty and starchy, and those magical starches help emulsify your sauce (aka turn it silky smooth). Basically, it makes good pasta great, and we'd never leave you with a bowlful of just *good*.

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) *For CustomPlate nutritional information, please refer to EveryPlate.com.*

1.

Bring a large pot of **salted water** to a boil. **Wash and dry produce.** Halve, peel, and finely dice **onion**. Zest and quarter **lemon**.

2.

Once water is boiling, add **pasta** to pot. Cook, stirring occasionally, until al dente, 9–11 minutes. Reserve **1 cup pasta cooking water** (1½ cups for 4 servings), then drain.

3.

Heat a **drizzle of oil** in a large pan over medium-high heat. Add **onion**; cook until slightly softened, 2–3 minutes. Add **sausage**; cook, breaking up meat into pieces, until sausage is browned and cooked through, 4–6 minutes more.

4.

To pan with **sausage**, stir in **cream cheese**, **stock concentrate**, **¼ cup reserved pasta cooking water**, and **½ cup milk** (½ cup reserved pasta cooking water and 1 cup milk for 4 servings). Bring to a simmer and cook, stirring, until thickened, 2–3 minutes. Stir in **drained pasta**. Add splashes of reserved pasta cooking water as needed until pasta is coated in a creamy sauce. Turn off heat and stir in **half the pesto**, a **squeeze of lemon juice**, and a **pinch of lemon zest**. Taste and season with **salt** and **pepper**.

5.

Divide **pasta** between bowls. Drizzle with **remaining pesto**. Serve with **remaining lemon wedges** on the side.

**Ground Poultry is fully cooked when internal temperature reaches 165°.*
