Be sure to give your coconut milk a good shake before opening the container and adding to the pan in Step 4. The cream may have risen to the top and solidified a bit, but not to worry—the liquids and solids will quickly come together and turn silky-smooth during cooking!

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Wash and dry produce. Peel and finely chop **garlic**. Peel and dice **sweet potato** into ½-inch pieces. Core, deseed, and dice **bell pepper** into ½-inch pieces. Trim and thinly slice **scallions**, separating whites from greens. Dice **tomato** into ½-inch pieces.

↔ Slice **grilling cheese** into four large pieces (if you prefer thinner slices, split grilling cheese block in half before cutting into pieces).

3.

While rice cooks, heat a **drizzle of oil** in a large pan over medium-high heat. Add **sweet potato**, **bell pepper**, **half the scallion whites** (all for 4 servings), and a **pinch of salt**. Cook, stirring occasionally, until browned and softened, 4–5 minutes. Add **tomato paste**, **curry powder** (add less curry powder for less heat!), **paprika**, and **remaining garlic**. Cook, stirring frequently, until fragrant, 1 minute.

↔ Use pan used for chicken or grilling cheese here.

5.

Fluff **rice** with a fork; season with **salt** and **pepper**. Divide rice between bowls and top with **curry**. Garnish with **scallion greens**. (Have some **cilantro** on hand? Roughly chop and sprinkle over top for a fresh finish!)

↔ Top curry with **chicken** or **grilling cheese**.

*Poultry is fully cooked when internal temperature reaches 165°.

2.

Heat a **drizzle of oil** in a small pot over medium-high heat. Add **half the garlic**; cook until fragrant, 30 seconds. Stir in **rice**, **¾ cup water** (1½ cups for 4 servings), and a **big pinch of salt**. Bring to a boil, then cover and reduce heat to low. Cook until rice is tender, 15–18 minutes. Keep covered off heat until ready to serve.

↔ Open package of **chicken** and drain off any excess liquid. Heat a **drizzle of oil** in a large pan over medium-high heat. Add chicken and season all over with **salt** and **pepper**; cook, stirring occasionally, until browned and cooked through, 4–6 minutes per side. Transfer to a plate.

↔ Heat a **drizzle of oil** in a large, preferably nonstick, pan over medium-high heat. Add **grilling cheese** in a single layer and cook until browned, 1–2 minutes per side. Transfer to a plate.

4.

Stir in **diced tomato**, **coconut milk**, **¼ cup water**, **1 tsp sugar**, and **½ tsp salt**. (For 4 servings, use ⅓ cup water, 2 tsp sugar, and ¾ tsp salt.) Bring to a simmer, then cover and reduce heat to medium. Cook, stirring occasionally, until thickened, 12–15 minutes. Stir in **sour cream** and **1 TBSP butter** (2 TBSP for 4) until melted and combined. (If **curry** is too thick, add **another splash of water**.) Taste and season generously with **salt** and **pepper**.
