You may notice that we almost always ask you to reserve a bit of pasta cooking water. Wondering what makes this cloudy water so darn special? It's salty and starchy, and those magical starches help make your sauce silky smooth. Basically, it makes good pasta great, and we'll never leave you with a bowlful of just *good*.

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Bring a large pot of **salted water** to a boil. **Wash and dry produce.** Halve, peel, and finely dice **onion**. Dice **tomatoes** into ½-inch pieces.

2.

Once water is boiling, add **pasta** to pot. Cook, stirring occasionally, until al dente, 9–11 minutes. Reserve **½ cup pasta cooking water (1 cup for 4 servings)**, then drain.

Open package of **chicken** and drain off any excess liquid. Heat a **drizzle of oil** in a large pan over medium-high heat. Add chicken and season with **salt** and **pepper**. Cook, stirring occasionally, until browned and cooked through, 4–6 minutes. Turn off heat; transfer to a plate. Wipe out pan.

3.

Meanwhile, heat a **large drizzle of oil** in a large pan over medium-high heat. Add **onion** and season with **salt** and **pepper**. Cook, stirring, until fragrant and onion begins to soften, 2–3 minutes. Add **tomatoes, garlic powder, and stock concentrate**; cook until onion is translucent and tomatoes have softened, 3–4 minutes more.

Use pan used for chicken here.

4.

Add **drained pasta** and **pesto** to pan with **veggies**. Toss until pasta is coated in a creamy sauce, adding **splashes of reserved pasta cooking water** as needed. Taste and season with **salt** and **pepper**.

Add **chicken** to pan with **veggies** along with **drained pasta** and **pesto**.

5.

Divide **pasta** between bowls and top with **cheese**.

*Poultry is fully cooked when internal temperature reaches 165°.
