When mashing your potatoes in Step 2, try not to overwork them. Potatoes are super starchy, and tend to become gummy and clumpy when that starch is mixed around too much. Use a gentle touch, and you too can make super smooth, fluffy mashed potatoes.

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Wash and dry produce. Dice **potatoes** into ½-inch pieces. In a small bowl, combine **coleslaw mix** with **ranch dressing** (add some hot sauce if you have some on hand). Season with **salt** and **pepper**.

2.

Place **potatoes** in a medium pot with enough **salted water** to cover by 2 inches. Bring to a boil and cook until tender, 10–12 minutes. Drain and return potatoes to pot. Mash with **half the garlic powder**, ¼ cup milk and 1 TBSP butter until smooth and creamy (½ cup milk and 2 TBSP butter for 4 servings). Season generously with **salt** and **pepper**.

3.

While potatoes cook, in a shallow dish, combine **paprika** and ¾ cup flour (1½ cups for 4 servings); season with **salt** and **pepper**. In a separate shallow dish, crack **one egg** (two eggs for 4); whisk until combined. Pat **steak** dry with paper towels; season all over with **salt** and **pepper**. Place between two large pieces of plastic wrap; pound as thinly as possible with a mallet or rolling pin. Working one piece at a time, press steak into **seasoned flour** until fully coated. Gently shake off excess flour, then dip into beaten egg. Let excess egg drip off, then press into seasoned flour again. (Discard any excess flour and egg after coating.)

4.

Heat a ¼-inch layer of oil in a large pan over medium-high heat. Once oil is hot enough that a pinch of flour sizzles when added to the pan, add steak. (TIP: Don't crowd the pan; you may need to work in batches.) Cook until golden brown and cooked through, 3–4 minutes per side. Transfer to a paper-towel-lined plate. Season generously with **pepper**.

5.

Melt 1 TBSP butter in a small pan over medium-high heat. Add **scallion whites** and **remaining garlic powder**; cook, stirring, until fragrant, 1–2 minutes. Add **cream sauce base**, **half the stock concentrate**, and ¼ cup milk (all the stock concentrate and ½ cup milk for 4 servings); bring to a gentle simmer. Cook until slightly thickened, 1–2 minutes.

6.

Divide **steak**, **mashed potatoes**, and **slaw** between plates. Top steak with as much **gravy** as you like and sprinkle everything with **scallion greens**. Serve any remaining gravy on the side.

*Beef is fully cooked when internal temperature reaches 145°.

*Wash hands and surfaces after handling raw eggs. Consuming raw or undercooked eggs may increase your risk of foodborne illness.
