MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Wash and dry produce. Halve, peel, and slice **shallot** into ½-inch-thick wedges. Trim and discard root end from **lettuce**; chop leaves into bite-size pieces. Crush **croutons** in package. Trim and slice **cucumber** into rounds.

2.

Pat **steak** dry with paper towels and season all over with **salt** and ½ TBSP **Blackening Spice** (1 TBSP for 4 servings; you'll use more later).

3.

Melt 1 TBSP **butter** (2 TBSP for 4 servings) in a medium pan over medium heat. Add **shallot** and cook until lightly browned, 2-3 minutes. (If shallot starts to brown too quickly, lower that heat!) Add 1 TBSP **water** (2 TBSP for 4), then cover pan with a lid. Cook until softened, 1-2 minutes more. Season with **salt** and **pepper**. Remove from heat; transfer to a plate. Wipe out pan.

4.

Add a **drizzle of oil** to same pan over medium heat. Add **steak**; cook to desired doneness, 3-5 minutes per side. Transfer steak to a cutting board.

5.

In a small bowl, combine **dressing**, **sour cream**, ½ tsp **Blackening Spice** (1 tsp for 4 servings), and as much **hot sauce** from your pantry as you like (we used 1 tsp; 2 tsp for 4). In a large bowl, toss **lettuce**, **croutons**, half the **cucumber**, and half the **Creole ranch dressing** until combined.

6.

Thinly slice **steak** against the grain. Divide **salad** between bowls. Top with **shallot** and **remaining cucumber**. Arrange steak on top and sprinkle with **cheese**. Drizzle with **remaining Creole ranch dressing**.
