If you look closely, you'll see that your steak naturally has lines running through it. In order to ensure maximum tenderness, we want you to slice perpendicular to those lines, aka "against the grain." It'll only take a second to do and will make the end result ten bajillion times better (scientific fact).

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Adjust rack to top position and preheat oven to 425 degrees. Place **3 TBSP butter** (**6 TBSP for 4 servings**) in a small microwave-safe bowl; bring to room temperature. **Wash and dry produce.** Cut **potatoes** into ½-inch-thick wedges. Peel and place **garlic cloves** in the center of a small piece of foil and drizzle with **olive oil**. Cinch into a packet. Halve, peel, and thinly slice **shallot**. Cut **broccoli** into bite-size pieces.

2.

Toss **potatoes** on a baking sheet with a **large drizzle of oil**, **Fry Seasoning**, **salt**, and **pepper**. Add **garlic foil packet** to same sheet. Roast on top rack until potatoes are tender and garlic is softened, 20–25 minutes.

3.

While potatoes and garlic roast, pat **steak** dry with paper towels; season all over with **salt** and **pepper**. Heat a **drizzle of oil** in a large pan over medium-high heat. Add steak and cook to desired doneness, 3–5 minutes per side. Turn off heat; transfer to a cutting board to rest. Wipe out pan.

4.

Melt **1 TBSP butter** (**2 TBSP for 4 servings**) in same pan over medium-high heat. Add **shallot**, **broccoli**, and **¼ cup water** (**⅓ cup for 4**). Season with **salt** and **pepper**. Cook, stirring, until water has evaporated and broccoli is tender, 6–7 minutes. (**If needed, add another splash of water to help broccoli soften.**) If you've got some on hand, stir in as many **chili flakes** from your pantry as you like.

5.

Once **garlic** is done, carefully transfer to a cutting board; sprinkle cloves with **salt** and mash with a fork until smooth. Add as much as you like to bowl with **softened butter**. (**If butter is still cold, microwave for 5–10 seconds.**) Season with **salt** and **pepper**; stir to combine.

6.

Thinly slice **steak** against the grain. Divide steak, **oven fries**, and **broccoli** between plates. Top steak with **garlic butter**. If you've got some on hand, serve with **mayonnaise** on the side for dipping.

*Beef is fully cooked when internal temperature reaches 145°.
