MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) *For CustomPlate nutritional information, please refer to EveryPlate.com.*

1.

Adjust rack to top position (**top and middle positions for 4 servings**) and preheat oven to 425 degrees. **Wash and dry produce.** Cut **potatoes** into ½-inch-thick wedges. Trim and halve **zucchini** lengthwise; cut crosswise into ½-inch-thick half-moons.

2.

Place **1 TBSP butter** (**2 TBSP for 4 servings**) in a small microwave-safe bowl. Microwave until melted, 30 seconds. Stir in **panko**, **salt**, and **pepper**. Pat **chicken** dry with paper towels; season all over with **salt** and **pepper**. Reserve **1 tsp dressing** (**2 tsp for 4**) in a separate small bowl (**you'll use the rest in Step 4**). Evenly spread tops of chicken with **remaining dressing**. Mound with **seasoned panko**, pressing to adhere (**no need to coat the undersides**).

3.

Arrange **chicken** on one-third of a baking sheet. On opposite side of sheet from chicken (**leaving an open space in the center**), toss **potatoes** with a **drizzle of oil**, **Fry Seasoning**, **salt**, and **pepper**. Add **zucchini** in a single layer to the center of sheet; toss with a **drizzle of oil**, **salt**, and **pepper**. Roast on top rack until chicken is cooked through, potatoes are browned, and zucchini is tender, 20–25 minutes. (**For 4 servings, divide everything equally between two sheets; roast on top and middle racks, swapping rack positions halfway through.**)

4.

While everything roasts, in a third small bowl, combine **Buffalo sauce** and **reserved dressing**.

5.

Divide **chicken**, **potatoes**, and **zucchini** between plates. Drizzle chicken with as much **Buffalo ranch sauce** as you like.

**Poultry is fully cooked when internal temperature reaches 165°.*
