\$20

Wondering how to **safely** handle the bacon fat in Step 4? Let the fat cool slightly off heat. Then, carefully pour all but a thin layer into a heat-safe container. Store in the fridge for cooking eggs, fried rice, or chicken. Or, simply seal the container and toss it. Just don't pour it down the drain—it'll clog your pipes!

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Adjust rack to top position and preheat oven to 400 degrees. Bring a large pot of **salted water** to a boil. **Wash and dry produce.** Halve **tomatoes** lengthwise; cut each half into three wedges. Peel **garlic**. Trim and thinly slice **scallions**, separating whites from greens. Grate **Parmesan** over a small bowl (**skip this step if pre-shredded**). Zest and quarter **lemon**.

2.

Toss **tomatoes** on a baking sheet with a **large drizzle of olive oil**, **half the Italian Seasoning** (**you'll use the rest later**), **salt**, and **pepper**. Place **garlic cloves** in the center of a small piece of foil, drizzle with **olive oil**, and season with **salt** and **pepper**. Cinch into a packet and place on same sheet. Roast on top rack until tomatoes are browned and tender and garlic is softened, 20–25 minutes.

3.

Once water is boiling, add **pasta** to pot. Cook, stirring occasionally, until al dente, 9–11 minutes. Reserve **1 cup pasta cooking water** (**2 cups for 4 servings**), then drain.

➡ Open package of **chicken** and drain off any excess liquid; season all over with **salt** and **pepper**. Heat a **drizzle of oil** in a large pan over medium-high heat. Add chicken in a single layer; cook, stirring occasionally, until cooked through, 4–6 minutes. Turn off heat; transfer to a plate. Wipe out pan.

4.

While pasta cooks, place **bacon** in a single layer in a large, dry pan over medium-high heat. Cook, turning occasionally and adjusting heat if browning too quickly, until crispy, 6–10 minutes. Turn off heat; transfer to a paper-towel-lined plate. Carefully discard all but a **thin layer of bacon fat** from pan. Once bacon is cool enough to handle, roughly chop.

➡ Use pan used for chicken here.

5.

Once **garlic** is done, carefully open foil packet and mash cloves with a fork until smooth. Heat pan with **reserved bacon fat** over medium heat. Add **scallion whites** and **remaining Italian Seasoning**; cook until fragrant, 1–2 minutes. Add mashed garlic, **cream cheese**, **half the Parmesan** (**save the rest for serving**), **1/3 cup reserved pasta cooking water**, and **1 TBSP butter** (**for 4 servings, use 2/3 cup reserved pasta cooking water and 2 TBSP butter**). Simmer, whisking, until combined and thickened, 2–3 minutes.

6.

Add **drained pasta**, **lemon zest**, and a **squeeze of lemon juice** to pan with **sauce**. Season generously with **salt** and **pepper**; toss to combine. (**If needed, stir in more reserved pasta cooking water a splash at a time until pasta is coated in a creamy sauce.**) Divide between bowls and top with **roasted tomatoes**, **chopped bacon**, **scallion greens**, and **remaining Parmesan**. Serve with any **remaining lemon wedges** on the side.

➡ Serve **chicken** atop bowls.

*Pork is fully cooked when internal temperature reaches 145°.
*Poultry is fully cooked when internal temperature reaches 165°.
