When coating your chicken (aka dipping into the beaten egg and flour), we highly recommend using one hand for dipping into the egg and another for coating in the flour. This will prevent dreaded breaded fingertips (THE HORROR!) and make the whole process a lot less messy.

MORE IS MORE

If you upgraded your meal to double your protein or veggies and/or ordered 6 servings, you may need to cook in batches or larger cooking vessels. Remember: Larger batches may = longer cook times, so follow the visual and temperature cues. (For 6-person meals, combine the 2- and 4-serving ingredient amounts as needed.) For CustomPlate nutritional information, please refer to EveryPlate.com.

1.

Adjust rack to top position and preheat oven to 425 degrees. **Wash and dry produce.** In a small pot, combine **rice**, **1¼ cups water** (**2¼ cups for 4 servings**), and a **pinch of salt**. Bring to a boil, then cover and reduce heat to low. Cook until tender, 15–20 minutes. Keep covered off heat until ready to serve. While rice cooks, cut **broccoli** into bite-size pieces. Trim and thinly slice **scallions**, separating whites from greens.

2.

Toss **broccoli** on a baking sheet with a **drizzle of oil**, **salt**, and **pepper**. Roast on top rack until browned and tender, 12–15 minutes. Meanwhile, place **¾ cup flour** (**1½ cups for 4 servings**) in a shallow dish. Crack **one egg** (**two eggs for 4**) into a separate shallow dish; whisk in **2 TBSP water** (**4 TBSP for 4**). Season both dishes with **salt** and **pepper**.

3.

Pat **chicken** dry with paper towels and cut into 1-inch pieces. Working a few pieces at a time, press chicken into **seasoned flour** until fully coated. Gently shake off excess, then dip into **beaten egg** to coat. Let excess egg drip off, then press into seasoned flour again until fully coated. (*For less mess, use tongs to dip and transfer!*)

↔ Swap in **steak** for chicken.

4.

Heat a **⅓-inch layer of oil** in a large pan over medium-high heat. Once oil is hot enough that a **pinch of seasoned flour** sizzles when added to pan, add **coated chicken** in a single layer, spacing 1 inch apart (*you may need to work in batches for 4 servings*). Cook, turning occasionally, until golden brown and cooked through, 6–8 minutes. (*If chicken begins to brown too quickly, lower that heat!*) Transfer to a paper-towel-lined plate; season with **salt**.

↔ Cook **steak** to desired doneness, turning occasionally, 4–6 minutes.

5.

Transfer **fried chicken** to a large bowl; add **scallion whites**, **orange sauce**, and **soy sauce**. Toss to coat.

6.

Fluff **rice** with a fork, then divide between bowls; top with **orange chicken** and **broccoli**. Garnish with **scallion greens** and as many **sesame seeds** as you like.

*Poultry is fully cooked when internal temperature reaches 165°.

*Wash hands and surfaces after handling raw eggs. Consuming raw or undercooked eggs may increase your risk of foodborne illness.

*Beef is fully cooked when internal temperature reaches 145°.
